

Gold Krugerrand still the best investment

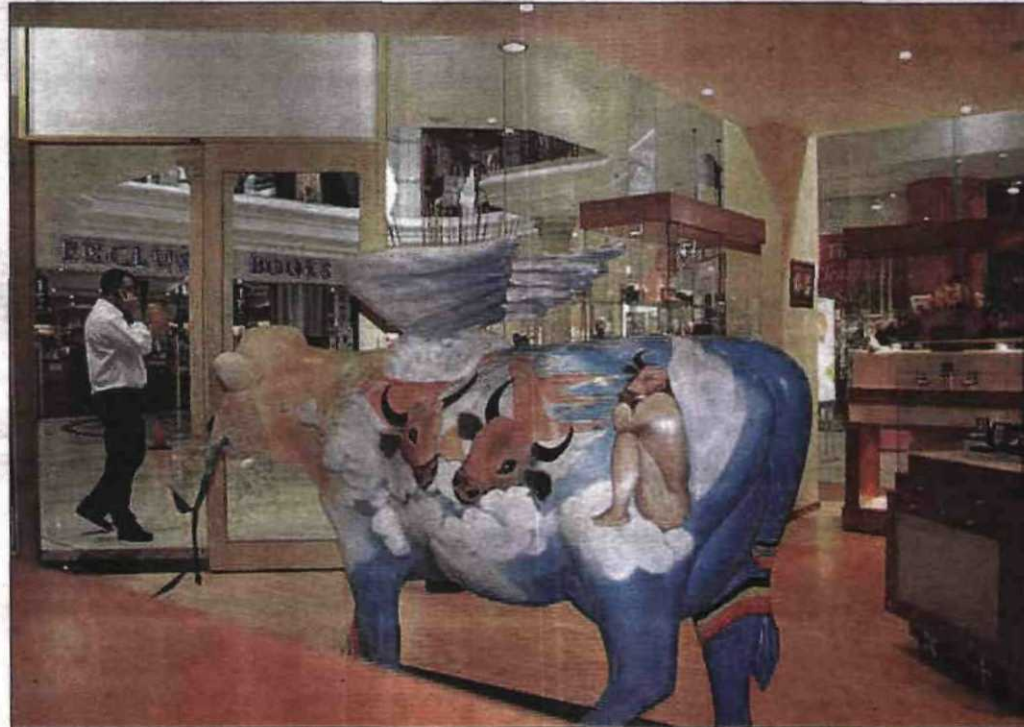

PROMOTION

THE South African Gold Coin Exchange (SAGCE) opened its 13th Scoin retail outlet in Tyger Valley recently. Scoin is the only retail chain of coin shops in the world.

Based on the recent heightened levels of gold bullion interest, the Scoin shops are welcoming first-time investors at a more rapid rate than ever before. For those intimidated by the financial jargon commonly associated with investment, all Scoin sales consultants are fluent in a language familiar to novice investors.

"One does not need to be an expert in finance to know that the Krugerrand is a sound long-term investment," comments Mr Alan Demby, the executive chairman of SAGCE.

"By far the world's most popular gold coin, the Krugerrand, currently trading at R10 000, is likely to provide the investor with a highly satisfactory return over the next few years. It's the most convenient means of investing in gold - which is why domestic and international demand for the coin is at an all-time high."

Looking out the Scoin Shop, the CowParade represents the limited edition range of Scoin coins and is just as colourful as the coins.
